# MATCH THE FACULTY WITH THEIR SIGN

**1 — ARIES**

As members of the first sign of the Zodiac, Aries natives are pioneering individuals with a great deal of initiative and originality. Leadership is also a quality often associated with the sign, though frequently the Aries member is impulsive and headstrong in his actions due to a lack of patience.

**2 — TAURUS**

Taurus folk are generally characterized as being patient and determined with equal portions of tenacity and endurance. Because of these qualities they make fine organizers and planners. Also, an appreciation for esthetic beauty is in the realm of a Taurus individual, but certain negative aspects can lead Taureans into being inflexible, uptight, and immoderate creatures.

**3 — GEMINI**

Gemini members are often known for their intellect, adaptability, and versatility. They are quick to analyze, understand, and interpret situations. Sometimes these scholarly qualities distort into nervous unrest, changeability, indecision, and superficiality. The duality of nature of the Gemini native makes it a constant struggle between the positive and the negative aspects of the sign.

**4 — CANCER**

Cancerians are loving, sympathetic, and protective individuals characterized by their imagination, loyalty, and domesticity. Careers or professions dedicated to the service of others are ideally suited for this sign. On the debit side of the ledger, they are inclined to be nagging, hypersensitive, and extremely vulnerable.

**5 — LEO**

Leo brings to mind certain key words: action, power, pride, dignity, and generosity. The Leo folk are the energetic action people of the world. If they are not careful though, a tyrannical disposition, arrogance, and a rather self-centered attitude that ignores responsibilities toward others may develop.

**6 — VIRGO**

Virgo the virgin is the sixth sign of the Zodiac; it is the service sign committed to worthy causes. Virgoans are down-to-earth people who are hard-working, yet resistant to change. They are supremely neat, clean, and tidy; however, these qualities can be taken to extremes leading to obsession. Also, long memories make them fearful enemies.

1-Purcell 2-Bettencourt 3-Mehlia 4-Raposo 5-Matos 6-Dean

### 7 — LIBRA

Libra, the sign of balance, denotes words like diplomacy and reason. People born under this sign desire peace, calm, and harmony. They have a deep appreciation and consideration of people and their rights. They are repelled by that which is discordant, ugly, or violent. Some noted negative traits of Libra nature include indolence and a ravenous vanity that demands attention, praise, flattery, and adulation.

### 8 — SCORPIO

Scorpio, the eighth sign of the Zodiac, encompasses two distinctly different and antipodal types of natives. The positive members have penetrating insight, tremendous drive, fantastic willpower and energy, and great strength of body and mind. The negative Scorpios are jealous, brooding, treacherous, rigid, and ruthless. Luckily, the majority of Scorpio folk are of the positive type.

### 9 — SAGITTARIUS

Sagittarians are the good-natured and good-humored extroverts of the house. Influenced by Jupiter, their ruling planet, they are endowed with good luck and optimism and are never superficial in their actions. With a genuine radiance, they love to travel and see the world. Among the comparatively mild negative traits are a chronic restlessness, irresponsibility, inaccuracy, and a lack of perseverance.

### 10 — CAPRICORN

Capricorns possess the perseverance that other signs lack. They are also ambitious, detailed, strong-willed and always striving for something higher. Often called the "businessman's" sign, it can include such traits as ruthless ambition, disregard for the rights and privileges of others, and intolerance. Conscientious and exacting, Capricorns take pride in all they do.

### 11 — AQUARIUS

Aquarius is the sign of individuality, idealism, and humanitarianism. It is intellectual and inspirational, and its natives are inventive and very frequently brilliant. This is the sign of human brotherhood, tolerance and a sense of responsibility to the world. Aquarians rank highest among the world's leading abstract thinkers, philosophers and scientists. They also procrastinate, disdain routine, and are irreverent of tradition and institutions.

### 12 — PISCES

The Piscean is a sensitive individual who has tremendous empathy. He is always aware that there is a two-way pull at work in his character, making him a complex and difficult person to understand. Positive Pisceans are endowed with uncanny intuition and insight, sympathy and compassion, exceptional artistic and creative talent, and intellectual brilliance. The counterparts to this double-bodied sign are emotionally unstable, indecisive, and weak creatures.

# IN MEMORY OF ALICE REZENDES

When we think of a school, we think of teachers; we sometimes forget the part played in our education by other people who work there. Yet when we experience the loss of a professional like Alice Rezendes, we are jolted into discovering the size and the depth of the gap which is opened up by that loss. Alice was part of the everyday running of this large building. She was more than an outstanding secretary; she was a friend to countless students and an indispensable aid to the members of the Gold House Staff. When Alice Rezendes died on November 20, 1982, she took with her a little bit of New Bedford High, a little bit of us; but she left in our characters and in our memories much, much more than she took. That's the way Alice was. We will miss her . . . with gratitude.

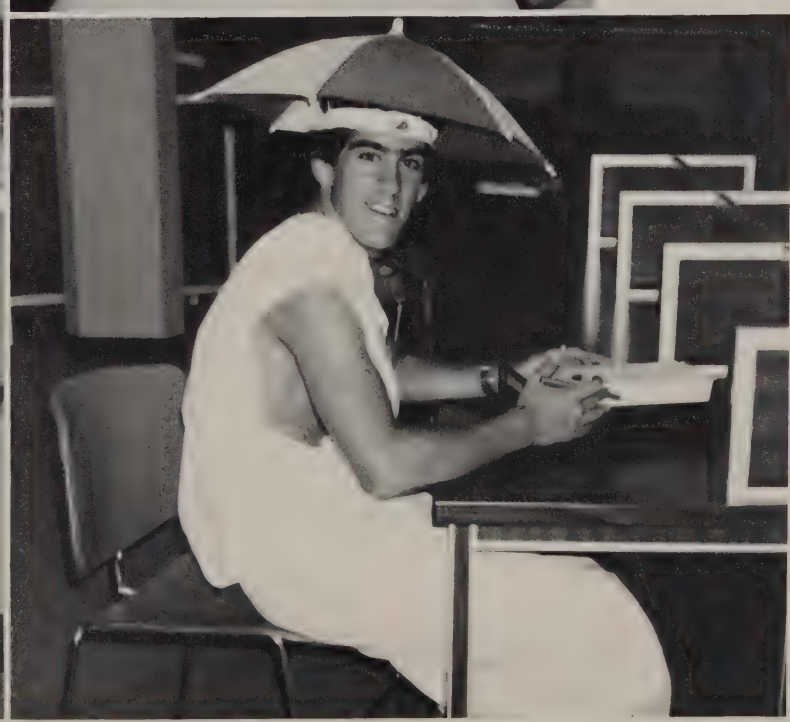
# The Story . . .

The year was 1983. Nestled away in the city of whale and kale was a veritable citadel of knowledge — NBHS. During the majority of the year, things remained pretty calm. Calm, that is until the week of the big game loomed down upon the high school. For one week, this microcosm was turned upside down. People who were normally mentally balanced, donned various costumes in an effort to capture "Whaler Spirit." The Hilltoppers would tumble.



# THE FANS GET READY!

(Rally/Bonfire)

After donning their spiritual attire, the ns gathered at the ceremonial bonfire, reshadowing the fate of the Hilltoppers. he fans were indeed ready for the hanksgiving Day festivities at which urfee was to be burned.

# THE PLAYERS GET READY!

(Morning of the game . . . )

The fans were no alone in their prepara tions. The NBHS player gathered at their cam where the necessary tape paint, and bandages wer applied. After discussin their strategy and thei own, personal goals, th hungry Whalers marche to Sargeant Field to feas on Durfee.

# THE GAME!!!!

Feast they did! For the 12th straight year, the Hilltoppers tumbled. Despite their efforts to sabotage our field, the red and black of Durfee fell to a 28-6 defeat. So ends the Whaler tale, a victory for '83. Maybe next year, Durfee; but that's what you thought last year!

Stability, strength, determination and loyalty were the outstanding characteristics of the athletic teams in 1983. The earth signs of Taurus, Virgo, and Capricorn are said to be responsible for these traits that led NBHS to victory.

# WHALER FOOTBALL '82

"The Cardiac Kids"

The Big Red was an inspired football team. They had a penchant for last minute victories, continually keeping their fans on their feet. A young team by anyone's standards, the Whalers gelled together into a championship caliber team. Only a midseason loss to Dartmouth stopped New Bedford from gaining the state's top honors. During the year NB was ranked as high as sixth. The Whalers were led by senior QB Rob O'Berry whose pinpoint passing was an awesome threat capable of moving the ball down the field in seconds.

On the receiving end of OB's passes were surehanded senior receivers Danny Conceicao and Scott Jenkins. The Whaler's running attack was sparked by senior tailback Kippy Andrade who gained over 850 yards on the season, including 200 v.s. Durfee. The heart of the team lay in the two way play of senior co-capts. Chris Wheelden and Chris Horn. These players, along with other senior standouts, led Coach Liljedahl's team to an overall 6-4 record.

# CROSS-COUNTRY

## "Running Toward Success"

The Harriers ran out ahead of the pack this year, much to the surprise of the SMC. From a record-setting sweep of medals at the Somerset Invitational, to a 4th place in Division I, despite injury and sickness, they succeeded in scoring a final record of 5-1. Coach Steve Gardiner's X-Country team proved to be the best in over a decade. The team, composed of a core of dedicated runners, saw outstanding performances by seniors Keith Ainsworth, Kevin Poyant, Mike Eadie, Dave Mareira, Jim Flanagan, Jose Rocha, the "boy wonder" of X-Country, and captains Chris Desjardins and Dan Mulligan.

Never forget: Gidley Woods, "Bull" run, pears, golfballs, the beam, no girls, Franklin Park mud, the rabbit, "if it doesn't move, lime it," sharp elbows, **many** miles, and the best coach a team could have.

# NBHS SOCCER

"Kicking Toward Their Goal"

This year's soccer team kept up the fine tradition of NBHS soccer, compiling an impressive 9-1-2 record. Coach Matos' Whalers became co-champions of SMC Div. 1, an impressive feat for a team everyone considered no threat. The Whaler's pivotal game was the second DY-NB clash. After having lost to DY 5-0 in the beginning of the year, NB turned the tables around in a hard fought 2-1 victory.

Seniors Carlos DeCunha, Joe Mendes, and Co-Capt. Carlos Beloli anchored a defense that gave only 16 goals in 13 games, including 5 shutouts. Co-capt. Rui Pereira was a key to the short passing game of the Whalers. Marcel Baptiste was the second leading scorer for the Whalers. However, Co-Capt. John Macaroco was the star on this year's squad. John led the team in scoring with 19 goals and 11 assists. He received All-star honors in both the Standard Times and Boston Globe

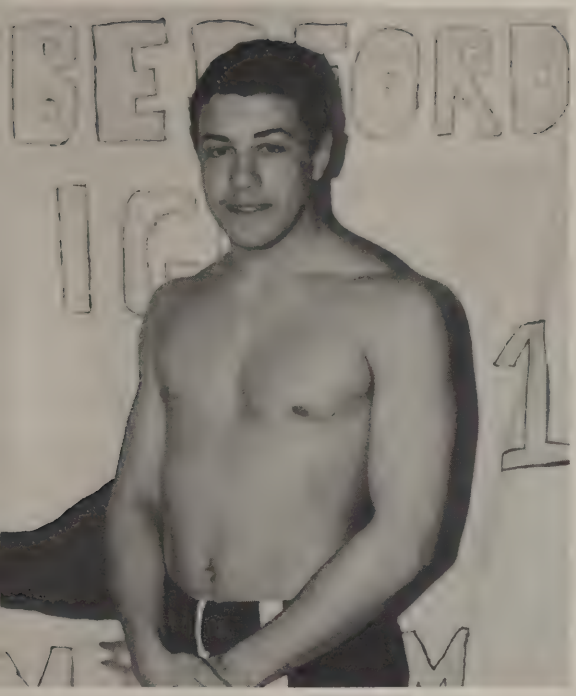
# BOYS' SWIM TEAM

"Swimming in the Fast Lane"



The swim team, led by co-captains Chris Norton and Kevin Shaughnessy, had a spectacular 9-1 season, losing only one meet all season. Faced with the problem of a falling ceiling above the home pool, the swimmers were forced to move to the SMU pool. This move did not dampen their abilities as the Whalers placed first in the Relay Carnival and first in the Conference Development Meet. These wins, along with their season's record, proved to everyone that they were a very capable team.

Throughout the season, good performances were seen from seniors Chris Norton, Kevin Shaughnessy, Bob Scroggins and Paul Carreiro; juniors Mike Richard and Peter Berthiaume; and sophomore Glenn Mercer. A noteworthy highlight was co-captain Chris Norton gaining his fifth school record when he earned a score of 222.10 by registering 48 pts. on his final dive in the Middleboro competition!

P.S. Guys, remember bleached hair, Mr. Medeiros' dunks in the pool, Norton's 1st. place in the South Sectionals, and our taking third place!

# WHALER BASKETBALL

"Kings of the Court"

New Bedford's season began with two wins and their only defeat to Brockton in the Christmas Tournament. Their league schedule was a breeze with a clean sweep. The "Durfee" games were the most exciting because of the rivalry and the fans. A strong effort at Durfee gave NB an early season morale boost. A squeeker at home showcased our dominance.

A trio of seniors have led the Whalers to the Southeastern Massachusetts Conference Division I Title. Capt. Scott Fournier was the team's guard-forward swingman. His best game was a 27 point effort against Barnstable. "Shake-n-Bake" Buddy Wheatley is by far the most exciting player on the team with his open court skill. His best effort was 29 pts. in a demolition of Bishop Connolly. The most consistent player, fiesty Bobby Duarte, took conference scoring honors. He averaged 22 pts. per game and his best effort was 34 pts. against Bishop Feehan.

The surprise of the team had to be senior guard Danny Conceicao. An unknown quantity, "Jason" led NB to victories at the end of the season. Seniors Glenn Forgue and Kenny Offley gave the Whalers much needed depth. Juniors Joe Andrews, Shaun Beaudoin and Kenny McClain give the Whalers a bright future. The high flying Whalers were recognized for their achievements by being named #1 in the state by the Boston Globe. Averaging 82 pts. a game, these young men are truly the "kings of the court."

# WHALER HOCKEY

"Skaters and Scorers"

The NBHS hockey team continued to strive toward the spoils of a successful season. Suffering injuries, bad luck, and once again the disappointing defeats from powerful Cape teams, the team found the price of success to be dear. Led by co-captains D.J. Cormier and Kevin Melancon our skaters worked hard and continued to breed hope for the future. Time will not erase memories of the stunning victory over Seekonk. Losing 4-0 at the end of the first period, the Whalers ignited to shut Seekonk down and gain a 5-4 victory.

# WINTER TRACK

"Championship Team"

The winter track team compiled a 5-1 record during their dual meet season. Shotputters Chris Wheelden and Kevin Mello, sprinters Sean Medeiros, Jeff Smith, and Sean McDevitt and distance runners Jim Flanagan, Kevin Poyant and Dan Mulligan were major reasons why the Whalers were so successful during the dual meet season. Co-captain Kippy Andrade's record breaking 300 yd dash win led the Whalers to the Voc-Tech Invit. Championship, while fellow co-captain Steve Drayton's blistering relay leg led the Whalers to their fourth consecutive State Class A Relay Championship. All-American distance runner Joe Rocha capped a good indoor season with a 9:14.6 in the two mile Class A State Meet. (He missed the meet record by one second.) The Whalers mile relay team (McDevitt, Marc Ribeiro, Drayton, Andrade) will be attempting to run the fastest time in the country at the upcoming Eastern Championship at Princeton University.

With Kristen Morgan and Stephanie Roussos as co-captains, the NBHS Girls' Winter Track Team went undefeated! Coach Hal Miller's girls performed exceptionally well at the State Relay Meet as the team of Stephanie Roussos, Kristen Morgan, Kathy Bissonnette, and Nina Chomak combined forces to win the sprint medley for the first time in NBHS's history. They, along with Michelle Girouard, also formed the most powerful and undefeated 4 x 440 relay team in this area. Senior Heidi DarJean is considered to be the best shotputter in the area. Overall, according to coach Hal Miller, "This season has been very surprising!"

# FIELD HOCKEY

"Consistent but Persistent:"

The varsity Field Hockey Team went into the season with a new coach and much ambition. After winning the first non-league game, they consistently lost all the others, except the last one which was tied 3-3. That last game showed their persistent effort and spirit which had carried them through such a trying season. With only a few four-year experienced players this year, the team was challenged with the task of "getting it together." Beth Lent, the goalie, had a fine year in stopping over 150 shots. Stephanie Roussos, a Standard Times All Star, also had an excellent season with frequent goals. The other captains were true leaders, guiding the team through an extremely difficult season.

P.S. Never forget the time "our manager" called off practice!!

# GIRLS' VOLLEYBALL

"Spikers and Setters"

This year's girls' volleyball team, coached by Micheline Donaghy, comprised a record of 7-4 in the league, the best season for NBHS recorded in the past four years.

The team was led by senior co-captains Debbie Marshall and Judy Barnet who have been members of the volleyball program for four years. Judy was the team "setter" while Debbie constituted a major part of the spiking offense.

Also part of the offensive line, senior Debbie Wood, up from the JV team last year, surprised everyone with her awesome serves and outstanding play.

Debbie Greenhalgh, another senior, displayed spiking ability to the utmost as she gained numerous points for the Whalers. Remaining senior standouts include Brenda Bertrand and Cheryl Whitmer who came through in clutch situations for the team.

# SWIM TEAM

"Springboards and Strokes"

This was a tough year for the swim team since practices had to be held at the SMU pool as a result of the ceiling damage at NBHS. Because of this, the team was drastically reduced from 40 members to about 25. Despite this bad luck, however, the girls showed much determination and effort, resulting in a 5-5 record. Led by co-captains Karen Bourgeois and Tracy Jakusik, the girls worked hard in some really exciting meets; such as Dover Sherborne, Westwood, and Ursaline Academy, all of which were lost by less than 6 points. All in all, the season proved very rewarding for everyone involved.

P.S. Girls — remember the talks on the bus!

"Shooting for Victory"

L-R: Karen Bourgeois, Christine Mendes, Leslie Lewis, Brenda Bertrand, Debra Greenhalgh

L-R: Bernadette Sylvia, June Silva, Kelly Dreher, Debra King, Cynthia Almeida, Angela Vasconcellos, Leisha Conceicao

The New Bedford High Whalerettes were a young inexperienced team. Their strategy was to look to the first half to gain experience and to work together as a team.

Tri-Captain Karen Bourgeois, showed her best effort with a high score of 20 pts. in the first game against Stang. The next meeting with Stang saw the girls defeat them 52-30 with senior Leslie Lewis having her best game, scoring 4 points and having 13 rebounds. Starter Brenda Bertrand played her best game against Wareham at home with a high score of 12 points, and 10 rebounds. Tri-Captain Chris Mendes, with fine passing and consistent shooting, helped the girls defeat Durfee by one point, 45-44. The last of our trio of captains, Debbie Greenhalgh, played well at Attleboro, coming off the bench in the first quarter scoring 4 points and pulling down 6 rebounds. The girls finished second in their division to D.Y. and thank head coach Jeanne Bonneau for her patience and caring.

P.S.: Never forget June Silva for getting the team psyched before games, trip to Martha's Vineyard, scrimmaging last year's varsity, and our snowball fight on Valentine's Day before the Stang game.

"Introduction to Poise"

Coach Sheila Doherty is proud of her gymnastic team — especially as this is the first time the girls have performed as New Bedford High gymnasts. This year's over-all record is indicative of a new squad, but the girls and their coach are already looking forward to a successful 1983-84 season.

Since none of the team members are seniors, Coach Doherty will be extremely fortunate to have her co-captains Anne Schwartz and Kathy Saltzman returning. Along with these girls will be Beth Shaughnessy, Chris Ferreira, Liz Barnet, Danielle Sequin, Jenny Cardoso, Tracy Larsen, and Karen Anuszcyk. With the experience gained by these girls, the idea of a future championship squad is not an impossible dream.

As NBHS Drama Club begins to open a new season, we see much preparation taking place in the form of rehearsals and set-constructions for the fall production.

# "SHERLOCK HOLMES"

On Nov. 18-20 the Drama Club produced a unique presentation of a play concerning the super-sleuth Sherlock Holmes with senior Scott Alpert doing a fine job in the title role. Other stars included seniors Kris Farrell as the beautiful Mary Morstan, Keith Ainsworth as the bumbling Inspector Lestrade, and Peter Cooper as the mysterious seaman, Jonathan Small. Underclassmen included Mike Ventura as the always helpful Dr. Watson, Tony Medeiros as the villainous Thaddeus Sholto, Derek Silva as Bartholomew Sholto, and Troy Ollivierre and Mike McGrath in important nonspeaking parts. Mr. George Charbonneau and Mr. Armand Marchand once again deserve applause for their fine directing.

# NEW ENGLAND CROWN!

New Bedford High School Whaler Marching Band

During the Class of '83's four years at NBHS, the band has grown and matured along with us. Here is the progress that the band has made in just four years of grueling hours of practice, dedication and the driving force of the will to be THE BEST.

Fres. Yr. — Peformed half-time shows at football games.

Soph. Yr. — The band entered a few marching band exhibitions in the area.

Junior Yr. — The Whalers entered their first season of competition and travelled to Florida to compete nationally and lead a parade in Disneyworld.

Senior Yr. — The New Bedford High School Whaler Marching Band became the New England Champions! They also had an undefeated season in the N.E.S.B.A. competitions. Their next view of victory will come in May 1983, when they will travel to Montreal, Canada for an international marching band competition.

What does it feel like to come from a foreign country and experience America at the "High School level"? Guadalupe Gonzalez Brodie is finding out in a hurry what a challenge this can be. After leaving her home in Mexico as an exchange student, Guadalupe has enjoyed every minute of her "American experience."

She has found that life in America truly is "life in the fast lane." In comparison with her native Mexico, she has found that Americans move at a much faster pace — from their lifestyle to their food. Guadalupe says that she loves America but is anxious to return to the calmer Mexican lifestyle.

One of the things which she enjoyed most about her American visit was NBHS. She loves the diversity of the school — from the huge building to the small, friendly atmosphere. She has made several close friends with whom she plans to keep in touch. Guadalupe found that the NBHS faculty made her odyssey a little easier with all their help and support. She is also indebted to Mrs. Dorothy Lopes, her family away from home.

Everyone involved has profited from Guadalupe's stay; we've gained new insight on an interesting culture and benefited from a fantastic person. When Guadalupe returns home, we hope she can bring fond memories of America and NBHS with her.

As we look upon our senior year I know we have all had moments of great courage, satisfaction, happiness, and concern that have made us mature and look toward an uncertain future. Those crazy moments that made us laugh; those hours of hard work; and those tragic moments of defeat have left memories we will cherish for many years to come. Let us look to the future with courage and know our past has taught us to see hope in all our encounters in life.

# WHALERS BURN ALL NEW

Whalers Shout, "WE WERE BORN READY!"

On November 14, 1982, the Whaler Marching Band entered Quincy Memorial Stadium to compete in the New England Scholastic Band Assoc. Finals. After entering the field of competition, the Whalers showed the crowd that they were "born ready" to compete as they performed the best field show they had ever done. With that performance the New Bedford High School Whaler Marching Band became the New England Champions. In addition to this crown, they also received the honor of having the "Best Colorguard in New England."

Yes, New Bedford High School is proud to claim the best band, cheerleaders, majorettes, and silk line in all of New England.

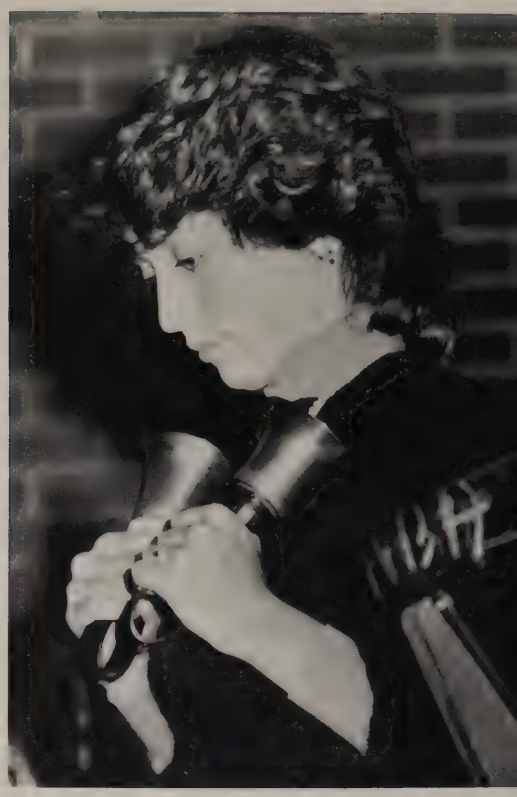
# GETTING READY FOR CHRISTMAS . . .

It was a cold winter night. People flocked from everywhere to stand in front of New Bedford's historic library to bring in the Christmas spirit with the singing man of Christmas himself, Mitch Miller . . . Santa Claus and Mrs. Claus visited the classrooms of New Bedford High. The children received little gifts of warmth. The bright faces and smiles were strong enough to melt Christmas snow . . . Students at N.B.H.S. prepared for Christmas by using their creativity in designing snowmen, santas and carolers for the downtown mall. Spirits were high!

# CHRISTMAS CONCERT



On December 21, 1982, New Bedford High School's Bronspiegel Auditorium presented an outstanding Christmas Concert. The concert consisted of not only New Bedford High School students, but Keith Jr. High School students, and ten children representing each elementary school of New Bedford. The audience was treated to the sounds of Christmas with such selections as "Allelujah" sung with great joy and excitement; "A Tiny Light," performed by the select SSA; and "I've Got the Music in Me," artistically presented by the Show Choir. Rounding out the program were the traditional songs of Christmas sung by the participants of the audience.

# YOUR FUTURE IS IN THE STARS . . .

The Aries man or woman strengthened with courage and originality will find that his or her future will lie in the areas of self expression and individuality. Areis, as a sign of the zodiac, is noted for its leadership abilities. If he/she can temper this with the lessons of Libra (cooperation and sharing) he/she will find his/her future destiny rewarded with new beginnings and illuminated by a pathbreaking spirit.

The Taurus man or woman is well known for his or her loyalty, stability and strength. His/her future seems to be in the areas that provide a strong foundation for society; such as banking, real estate, and acquisition of materialistic things. The Taurean who has developed the penetrating insight of Scorpio, along with Scorpio's ability to weed out the unwanted and unnecessary things of life will see his/her future blessed with health, wealth, and happiness that grows slowly but steadily.

Versatility, intelligence and quickness endow the Gemini man or woman with an ability to communicate and with an intriguing personality. His/her future careers often involve the media and any job that requires organizational skills. His/her opposite sign Sagittarius teaches him/her concentration and tolerance, enabling him/her to fully express his/her personality. Once learned, fulfillment and satisfaction will be the Twin's reward in life.

The desire to nuture and protect along with changeability and intuition allows the Cancer man or woman to express deep feelings and sensitivity. The future will find these moon-children in a career caring for society. From Capricorn, the opposite sign in the Zodiac, he/she will learn to focus his/her energies and stabilize his/her life, resulting in the acquisition of wealth. Friends and family will make his/her future enviable.

The lions and lionesses of the zodiac have been given a frank, open-hearted, generous personality with a dramatic flair. Their strong forceful natures and personal magnetism will lead to success in positions of authority and leadership. The Leo man or woman who has learned from his or her opposite sign, Aquarius, to respect people's individuality and to share center stage will find that his/her future far exceeds his/her expectations.

The Virgo native is born with an exacting, discriminating, and analytical mind. To be of service is his/her desire. Logical, thoughtful, modest and hardworking, these practical people will often choose the healing professions as life goals. Their Piscean brothers and sisters show them how to develop creativity and receptiveness while gently guiding them to their destinies.

Their love of peace, beauty and harmony enhances the Libran personality. Any profession that allows the Libra man or woman to express his/her ability to weigh and balance and then to reach a compromise is for him/her. Sensitive to conditions of friends, family, and business associates, the Libran expresses his/her social nature. Aries teaches Libra individuality, originality, and enthusiasm and thus shows the way to a productive balanced life.

The Scorpio man or woman is strong-willed, powerful, and skeptical. At best these people are courageous, scientific, bold, and daring. Their success in life will stem from originality and shrewdness. Once they have tempered their secretive natures with the Taurus's sociability and friendliness, their futures guarantee fame and fortune. Taurus teaches them generosity and sharing.

Sagittarian men and women are self-reliant, honest, frank, and outspoken. These people have a love for nature and are often involved in careers that deal with philosophy, religion, science, or politics. Ambitious and friendly, Sagittarians seek freedom and independence. Gemini, their opposite sign, helps them develop versatility and the ability to communicate thoughts into actions and add to their lucky natures.

By sheer persistence, patience, and concentration Capricorn men and women eventually are able to overcome all obstacles in the way of success. Having a serious and conventional nature these people make natural executives. Perservering, cool, and calculating, Capricorns slowly climb the mountain of success. The zodiac sign Cancer suggests to them to be less rigid and more flexible when dealing with people. Developed perception and intuition will bring them a full life.

Cherishing independence and freedom, Aquarian men and women set forth on life's road with inventiveness and uniqueness. Cooly detached they carry on their humanitarian activities with unpredictable behavior. These progressive thinkers, often born before their time, will find that future success and happiness lies in guiding mankind. From Leos they learn commitment and responsibility.

The Pisces man or woman has a mystical, emotional, and unfathomable nature. Compassion and sympathy serve them when dealing with people. Sensitive to a fault, Pisceans must serve mankind in some way in their future careers if they are to achieve inner peace. Virgo, their opposite sign teaches them to be practical, discriminating and consistent. Once the Piscean achieves these traits he/she will find that his/her dreams will become reality.

To the Class of 1983 . . .

As Editor-in-Chief, I write this with the sincerest hope that these four years at New Bedford High School will never be forgotten. In the years to come perhaps the 1983 Crimson Log will serve as a remembrance of the cherished past. It was with this goal in mind that the yearbook staff labored many long, hard hours, with the invaluable counsel of Mr. Dick Swiech, our Hunter Publishing Company representative; the dedication of Mike Marston and those at the Dodge-Murphy Studio; and the incomparable effort and talent of Ms. Beverly Bizzarro, the Crimson Log advisor.

I would like to extend my thanks and appreciation to each and everyone who made this book possible, and believe me, I know it is but little reward for the endless, and often tedious work. I only hope that a sense of accomplishment will have made it all worthwhile. I would, however, especially like to thank the yearbook editors for all their patience and support.

On behalf of the 1983 Crimson Log staff, I wish the graduates much luck, happiness, and success for the future.

Sincerely,
Michelle M. Levesque
Editor-in-Chief
